//GALERIE 102 is pleased to offer residencies (work and live) and the possibility to work in an international atmosphere in the middle of the Berlin art scene and exhibit their work at the end in a solo show.

The idea is to enable artists to access the Berlin Art Market and create an international art net.

The Location

The location of //GALERIE 102 in the inner city center, in vicinity of Potsdamer Platz and close to the new National Museum and the Berlin Philharmonic, the Group Show will be staged ideally located, directly between West and East Berlin.

The ethnic mix of the surrounding area and concentration of art galleries developed this area to the focus of the art world the last years. Well-known galleries such as Galerie Arndt, Anna Jill Lüpertz, Galerie Judin and Blain Southern, just to name a few, are located here. Last year, the Berlin Art Week achieved an increase of 20,000 visitors.

The Artists

The Project is open to both native and international Artists. The Artists will be selected according to their experience and artistic background. The focus of the individual residency will be on the medias: *drawing, photography, installation, dance and music*.

The Project intends to create an intense workflow, by providing them with a professional framework to work intensively on a topic. Also the opportunity to make promising contacts for future projects.
